BUILT AND OPENED IN 1960, this crossing
is a two-lane road on top of Lake Falcon Dam and
opened in 1960. Presidential permits were not
required for structures built before 1972. The
U.S. side of the crossing is owned and operated
by the U.S. section of the International Boundary
and Water Commission (IBWC). The Mexican side
is owned by the Mexican section of the IBWC.

CONNECTION TO MAJOR HIGHWAYS

IN THE U.S.: The bridge access road, FM 2098, connects to US 83 which is part of the Texas Highway Freight Network.

IN MEXICO: The bridge access road provides access to MEX 2.

INSPECTION FACILITIES

The land port of entry (LPOE) was constructed in 1953 by the IBWC. The building was expanded in 1977, 1989, and 2009. The border station was transferred from the IBWC to U.S. Customs and Border Protection (CBP) after construction of the dam.
